

Cincinnati United

"Give Back Program"

Cincinnati United is excited to announce that we have joined the Amazon Affiliate Program. This means that when you access Amazon through our website, you can support the club at the same time! At no additional cost!

It's EASY: simply click the Amazon link on the website and shop as usual on the entire Amazon website. There are no special codes or checkout procedures. All you do is click the Amazon link on www.cincinnatiunitedsoccer.com log into your account and shop. You can use the link (and bookmark it!) on your computer, tablet or phone.

Nothing comes without fine print. Here are the important details for you to know:

- **Order matters:** You need to click on the Amazon link shop, and check out, in that order. If you don't click on our link first, go to Amazon in your usual way, put things in your cart, and **then** remember to click on the link and check out – your sale will not earn us funds. **You have to click our link before you put anything in your cart.**
- **The clock matters:** You have 24 hours from when you link to put an item in your cart. After that you will need to link again. If you link, put something in your cart within 24 hours, but don't want to buy it right away, that is fine – the purchase will still earn us funds if you finalize it within 90 days: just remember to **click the link before you checkout.**
- **One purchase session per link session:** Arriving at Amazon through our link is good for 24 hours *or* until you place your order – after that, you need to click the link again. So if you link, complete a purchase, and then need to make another purchase – you have to link again in order for the purchase to earn us a commission.
- **You won't see anything that identifies you as a Cincinnati United shopper.** Don't worry - as long as you used the Amazon link on our website and follow the order and clock guidelines, your purchase will count.

Thank you for your support! Feel free to send your friends and family to for more information. *Please note that Amazon is not directly supporting Cincinnati United. They are simply giving us a referral fee for sending customers their way via our website.* If you have any questions about the program, please contact Matt Earl at mgebiz74@gmail.com.
